Friendships

It does not matter if one speaks Japanese or Urdu, or Hebrew or Swahili, the universal language of aeromodeling binds all of us together, and lasting friendships are forged. I can remember meeting Alex Goossens in 1984 and we have seen each other on numerous occasions since then. Just think how many friends Jan Van Vliet has made during his many years of involvement.

At every Championship, we make new friends, renew old friendships, and we share wonderful moments, with precious memories to support and guide us during our daily lives.

Make a friend today !
